Smith of Bakersfield was elected president for the ensuing term, with power to employ his secretary. The next meeting will be held in Stockton in August.

CHINAMAN BARRED OUT.

MERCHANT REFUSED AMITTANCE.

BY THE NEW ASSOCIATED PRESS—A.M.

SAN FRANCISCO, June 15.—An appeal has been taken to the Secretary of the Treasury from the decision of the Chinese bureau denying a landing to Ong Shi, who conducts one of the largest clothing stores in the Chinese quarter of this city. He has just returned from a visit to China, and the refusal to allow him to land was based on the recent treaty decision, which removes from the merchant class any Chinese person who derives any part of his income from the employment of artisans. It was shown that in his store one sewing machine was operated by the manufacture of specially designed silk robes for wealthy Chinese. At this is held to come within the ruling of the department.

BY THE NEW ASSOCIATED PRESS—A.M.

SAN FRANCISCO, June 15.—It is estimated that repairs to the battleship Oregon, which has just arrived home from the Orient, rendered necessary by the damage sustained when wrecked in the Gulf of Pe Chi Li, will require about six months on the dry dock, and cost fully \$200,000.

BY THE NEW ASSOCIATED PRESS—A.M.

VICTORIA (B. C.), June 15.—The steamer Tacoma, which arrived today from the Orient, reports that on June 2 she sighted a ship on fire, which proved to be the San Francisco whaler, Charles W. Morgan. The Tacoma, however, did not see the ship under control, but the fire was under control, and the whaler, not wanting further assistance, the Tacoma came on. The take of the whaler was reported lost.

TESTING THE WISCONSIN.

COMPLYING WITH CONTRACT.

BY THE NEW ASSOCIATED PRESS—A.M.

SAN FRANCISCO, June 15.—The United States battleship Wisconsin has gone outside the heads to have a five hours' continuous test. It is now six months since the government accepted her, and this is the final test called for by the contract. After passing out she was headed up the coast and at once plunged into the north-wester that has been blowing strongly for the past ten days. The Wisconsin is expected back in port today.

DISAGREE ON TAXES.

SANTA FE AND COLLECTOR.

BY THE NEW ASSOCIATED PRESS—A.M.

STOCKTON, June 15.—The State Board of Equalization will meet here Tuesday to decide between County Assessor Ortman and the Santa Fe Railroad. The railroad claims all of its Stockton real property should be assessed as right-of-way, while the assessor insists on assessing the blocks of land and tract of twenty-five acres on which the roundhouse is located as separate from right of way and subject to assessment by the county officer. Two assessments on the same property were made last year, and the State board was paid on but the assessor's assessment went delinquent. Now the question must be settled for the new assessment. The proceeding is of interest wherever the railroad has property. The Southern Pacific is assessed, as the assessor holds, and has always paid taxes that way, but the Santa Fe makes a different claim.

After two hours pleasantly spent here, the special train left for Sacramento.

QUARTERMASTERS' SCANDAL.

WIDE DIFFERENCE OF OPINION.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, June 15.—[Exclusive Dispatch.] The report from Lieut. Maus, Inspector-General for the Department of California, on the alleged army-clothing scandal in San Francisco, is still being considered by Inspector-General Breckenridge, who still declines to say anything regarding its character or contents. From other sources, however, it is learned that Col. Maus practically confirms the report that considerable soldiers' clothing has been purchased by private dealers in San Francisco from volunteer troops mustered out of service.

There is some difference of opinion among officials as to the facts. Some charged soldiers, who have paid for their uniforms, have the right to dispose of them, if they see fit, after leaving the military service. Others take the contrary view, and claim soldiers have no legal right to sell any part of their military outfit, including clothing, even after they have been discharged from the military service.

Quartermaster-General Ludington says he has no official knowledge of any frauds in his department. If clothing has been illegally disposed of at San Francisco, as charged, he will insist upon severe punishment of the persons found offending.

NEW NOTE FOR THE CUBAN PEOPLE.

AMERICAN EVACUATION IS STILL SOMEWHAT REMOTE.

Small Garrison of United States Troops Will Be Maintained for Some Time After Autonomy Is Granted to the Islanders.

BY DIRECT WIRE TO THE TIMES.

WASHINGTON, June 15.—[Exclusive Dispatch.] There is being prepared here a new note for presentation to the Cuban people. This note will be handed to the Cuban people at the close of the next few days by Gen. Wood at Havana, and will set forth to the Cubans that the United States will consider it inadvisable to withdraw all American troops from the island and even after a form of government has been established by the Cubans.

The United States will set forth that it favors the organization of an internal police system by the Cubans but that for the time being this country will feel called upon to occupy with small garrisons all fortifications and military posts at Havana, Matanzas, Cienfuegos, Santiago and Guantanamo. It is expected that the Cubans that this occupation will be temporary, and be for the purpose of protecting both Cubans and the United States while their government is being tested. This occupation may go on for fully two years from now.

The matter has been very fully discussed by the Cabinet and all the members agree that if the Cubans get their government by the first of next year, the United States will not then before it will be safe to withdraw the repressing influences of American troops from about certain warlike elements in the Cuban population. The Platt amendment gives the United States full authority to make this occupation.

MUST HIDE AWAY.

WASHINGTON, June 15.—It is now learned that while the Cuban commission was in Washington, the delegates informed Secretary Root that they did not think it would be possible to have the Cuban government organized before January 1, and that the United States must therefore hide away.

The opinion is expressed at the War Department that the Cubans have little or not difficulty in effecting a change from military control to Cuban civil control. The civil service which Gen. Wood is to organize is largely composed of Cubans, and it is believed that the new government will utilize this machinery.

Miss Janet Wilson Gair, President of the Ohio Musical Club, Kansas City, Mo., writes:

The Peruna Medicine Co., Columbus, O.: Gentlemen.—For the past few years I have tried several kinds of medicines when I was feeling badly, but I am free to admit that I never found anything to equal Peruna.

Last fall I contracted a severe cold which seemed to settle in my joints and made me very uncomfortable for a couple of weeks, until I tried Peruna. Before a week was passed the sickness was gone and before I had used two bottles I was completely restored.

Yours very truly,
J. Wilson Gair.

There is no other remedy that medical science can furnish so reliable and quick in its action as Peruna.

Miss Mattie L. Guild, president Illinois Young People's Christian Temperance Union, in a recent letter from Chicago, Ill., says:

"I doubt if Peruna has a rival in all the remedies recommended today for catarrh of the system. I have found it the best remedy I have ever tried for catarrh, and believing it worthy my endorsement, I gladly send it." Yours truly,
Mattie L. Guild.

For diseases peculiar to women, Peruna is a specific. Peruna never fails. It has cured many thousands of cases of female weakness. Dr. Hartman advises all women free.

Miss Bertha Fisher, a popular young woman of Appleton, Wis., writes of Peruna as follows:

"I have found Peruna a wonderful remedy for catarrh of the respiratory organs which I contracted some months ago, and which nothing else I tried seemed to cure.

"My general health, due I firmly believe to the health-giving qualities of your wonderful remedy." Yours sincerely, Miss Bertha Fisher.

Mrs. Colonel E. L. Gresham, Harnden, Va., Treasurer Daughters of the Confederacy, also President Harnden Village Improvement Society, writes:

"I cannot speak too highly of the value of Peruna. I believe that I owe much to this wonderful medicine. I suffered with catarrh of the head and lungs for several years until the doctors fairly gave me up. I despaired of ever getting well again.

"It took six bottles of Peruna to cure me, but they were worth a king's ransom to me. I talk Peruna to my friends and have a true believer in its worth."

FISHER.

People who have suffered from catarrh during the winter, generally suffer from nervous depression in summer.

Mrs. A. C. Jackson, Democratic Member Board of Lady Managers, World's Columbian Exposition, in a letter from the Sherman House, Chicago, Ill., says:

"Peruna seems to be especially of value where nerve flannels are in disorder, digestion deranged or disturbances created either in the pelvic or respiratory organs.

"Several cases have come under my personal observation and I have been highly gratified to see the patient cured in every instance. I have tried it myself and find it a very valuable tonic." Cordially yours, Mrs. A. C. Jackson.

Men and women are subject to catarrh. Women are even more subject to catarrh than men. This is due to many causes. The chief cause is the delicacy of their organism, as compared to man. The extreme sensitiveness of the mucous lining of every organ of a woman's body is well known to physicians. This explains why, in part at least, so few women are entirely free from catarrh.

A vast multitude of women have found Peruna an indispensable remedy.

Everywhere the people, especially the women, are praising Peruna as a remedy for all forms of catarrhal difficulties. Send for free catarrh booklet written especially for women by a renowned specialist on the pelvic catarrhal diseases of women. Address Dr. H. Hartman, President The Hartman Sanitarium, Columbus, Ohio.

IMPORTANT SCIENTIFIC DISCOVERY.

Medical Preparation that Positively Kills the Dandruff Germ.

The most important discovery has been made in a year's patient laboratory work aimed in a plain direction.—It is *Neurob's* Herpelcid, a preparation that cures baldness, prevents fall-out, and speedily and permanently eradicates dandruff. These evils are caused by a germ or parasite that burrows into the scalp, rising up dandruff, as it seeks to sap the life

andruft, and no candruft! If the germ is dead, Newbro's Herpicide is the only propa-
tand that will do the work. "Destroy th
you remove the effect."

ME CURIOUS CASES IN COURT.

Uncle Sam Suing Many Dumb Animals and Inanimate Things. Monkey Witness Convicts Two Murderers.

BY JOHN ELPRETH WATKINS, JR.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

WASHINGTON, June 16, 1901.—

Uncle Sam is busy, just now,

summoning numerous freak

defendants to appear before

him in the Federal Court of

the District of Columbia.

He has arrested and tried no less than

100 defendants in the last few

months, and he is now

preparing to try a new

series of cases, which he

has decided to try in the

Federal Court of the District

of Columbia.

These cases are of a

novel and picturesque

character, and they are

of a kind which has

never before been

tried in the Federal

Court of the District

of Columbia.

They are of a kind

which has never

before been

tried in the

terry. It was so gloomy and black that

then, of a sudden everybody grinned.

The management had forgotten to

take down from its place at the window

where it shone amid the bands of crape

and the rosettes of black and white,

glaring where it had glared before the

funerals in all the vermillion of fresh

printer's ink, this red little sign, so

familiar to travelers in the local trol-

ley cars.

"Snatch this up quick, Ketchum &

Skinnum, real estate agents."

"This lot for sale. Come early and

avoid the crowd," J. Smith.

"Hurry up if you want this, Jones

& Co."

Down at Santa Monica there was an

enterprising hotel keeper, who, in the

exuberance of his heart burst out with

this card when he took possession of

one of the Santa Monica hotels, which

had been renovated for him:

"Hurry up, new reading-room, new

dining-room, new paint, new paper, new

but the grand old ocean, Frank A.

Miller, proprietor."

And this in the face of the common

sense that the sign was a

vacant lot in the southwest part of

town, and the sign was a

vacant lot in the southwest part of

town, and the sign was a

vacant lot in the southwest part of

town, and the sign was a

vacant lot in the southwest part of

town, and the sign was a

vacant lot in the southwest part of

town, and the sign was a

vacant lot in the southwest part of

town, and the sign was a

vacant lot in the southwest part of

town, and the sign was a

knowledge that the Southern Pacific

in the owner and proprietor of the

grand old ocean.

It would seem as though the man

who put this sign in the window of his

store would make himself liable for

arrest and imprisonment for ob-

taining money under false pretences, un-

less the agent who originally put the

feathers are guaranteed to live for

ever and ever.

"No trouble to show goods."

Down on Spring street there is a

bit of a caddy-hole of a second-hand

store. It is so small that you have to

back out. There isn't any room inside

to equip a modest cottage, so the

stock is spread all over the front

of the shop and the sidewalk. Cradles,

clothes-writers, chairs, book-racks,

straw matting, rolling pins, tin pans,

wash tubs, pails, pots and kettles are

hung all over the front of the shop

and leaving a small hole for

the door and for the little sign, which

is a little sign, which is a

little sign, which is a

little sign, which is a

know that on the reserved pews, there

are little tin slides for the names of

the pew holders. The easiest way of

labeling them is to slide a card in.

This man did. This was his card:

"G. T. Tonsie will open a class in

dancing for adults, Tuesday evening,

June 19. Private lessons in waltz

and two-step. No. 9, 999 Grand

avenue."
